

## *Ashdene Guest House*

### COVID UPDATE

We really look forward to welcoming our guests into a safe environment, all of our staff are committed to upholding the highest standards possible and have been trained in the latest cleanliness standards. With everyone's safety and high hygiene standards at the core of everything we do; we have produced a detailed Risk Assessment and met all Industry Standards in association with The National Tourism Organisations of Great Britain and Northern Ireland regarding this virus. *We're Good To Go.*

June 7<sup>th</sup> 2022 UPDATE – The safety of our guests, staff and ourselves remains our highest priority, but with Government Guidance now removing most Covid Regulations, wearing of Face Masks is now voluntary for both guests and staff in all areas. We will be retaining hand sanitiser stations and strict cleaning regimes.

Your room will be cleaned every day, but only once you have left the building; if you choose not to have your room cleaned daily then please let us know once you have checked in. If you require your towels replaced simply put them on the shower floor.

Sanitisers are by both doorways, the hallway fridge and dining room, please use these and wash your hands regularly.

We thank you for your patience and understanding in advance, if you have any questions please do ask us.

Cathy and Ian Lee
